*PLEASE MARK THE

Informed Consent for Chiropractic Care

Chiropractic has only one goal. It is important that each patient understand both the objective and method that will be used to attain this goal. This will prevent confusion or disappointment. Please review the following terms:

ADJUSTMENT: An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments to the spine.

HEALTH: A state of optimal physical, mental and social well-being, not merely the absence of disease or infirmity.

VETEBRAL SUBLUXATION: A misalignment of one or more of the 24 vertebra in the spine column which causes alteration of nerve function and interferes with the transmission of nerve impulses, resulting in the body's inability to optimally express it's innate given maximum health potential.

We do not offer to diagnose or treat any disease or condition other than vertebral subluxation. However, if during the course of a chiropractic spinal evaluation, we encounter unusual findings outside of the realm of subluxation, we will refer you to the appropriate professional or specialist for specific diagnosis or treatment of those findings. Regardless of the disease, we do not offer to treat you or offer advice for that condition. Our only objective is to eliminate interference to the nerves of the spine and to allow your body to function as optimally as your given potential allows. Our method is specific adjustments to the spine to correct vertebral subluxation.

Additional treatment modalities may be utilized in conjunction with adjustments in our office for the use of pain management, postural and spinal strengthening or conditioning and increasing range of motion in order to improve function during daily activities of living. These modalities may include ice, electrical muscle stimulation, therapeutic activities and exercises, traction and recommendation for use of nutritional supplementation.

I understand the nature and purpose of chiropractic adjustments and other mentioned treatment modalities. I request and consent to these chiropractic adjustments, therapeutic modalities and other chiropractic related procedures by Dr. Kurt M. Pepperell or other licensed doctors of chiropractic who may be employed or engaged in practice at Pepperell Chiropractic. I have been advised that although the incidence of complications associated with chiropractic care is very low, the rare possible complications that may occur include, but are not limited to, fractures, disc injuries, dislocations, sprains, irritation of a disk condition or other musculoskeletal or neurological injury. One of the rarest complications associated with chiropractic care, occurring at a rate of one instance in one million to one instance per two million cervical spine or neck adjustments may be a vertebral artery injury that could lead to stroke.

I, have read and for	ully understand the above statements.
(Print Patient Name)	
I understand and accept the risks associated with chiropractic care a including spinal adjustments, that I may receive in this office. I ther and any further care on this basis.	
Signature of Patient or Legal Guardian	Date

PRIVACY POLICY INFORMATION

This document describes how Chiropractic and medical information about you may be used and disclosed, and how you can get access to this information. Please read it carefully.

In the course of your care as a patient at Pepperell Chiropractic, we may use and disclose personal and health related information about you in the following ways:

-personal health information including your clinical records may be disclosed to another health care provider or hospital if it is necessary to refer you for further diagnostic assessment or treatment

-health and billing records may be disclosed to another party such as an insurance carrier or your employer if they are responsible for payment of your services

-personal information, health records and billing records may be disclosed to an outside collection agency if needed in an effort to collect payment on overdue unpaid accounts with an outstanding balance

Your name, address, phone number and your health care records may be used to contact you regarding appointment reminders or other health related information that may be of interest to you. If you do not answer your phone to receive an appointment reminder, a message may be left on your answering machine or person taking a message in your absence. You have the right to inspect or obtain a copy of the information that we will use for these purposes. You have the right to refuse to provide us with authorization to contact you regarding these matters. Refusal to provide authorization will not affect the care provided to you or the reimbursement avenues associated with your care.

If required, statements regarding the outstanding remaining balance of your account may be mailed to the address you provided on your intake paperwork.

Under federal law, we are also permitted or required to use or disclose your health information without your consent or authorization in these following circumstances:

- -if we are providing health care services based on orders from another health care provider
- -if we provide health care services in an emergency
- -if there are substantial barriers to communicating with you, but it is in our professional judgment that we believe you intend for us to provide care
 - -if we are ordered by the courts or another appropriate agency

Any use or disclosure of your protected health information, other than outlined above will only be made upon your written authorization.

If you would like additional information regarding our privacy practices, would like to make a complaint regarding our privacy practices or have additional questions, please contact Dr. Kurt Pepperell.

You have the right to inspect and/or have a copy of your health information for seven years from the date that the record was created or as long as the information remains in our files. Requests must be provided to our office in writing,

3530 W. Willow Knolls Rd. Peoria, IL 61614 309-839-8358

OFFICE POLICY

Payments and Statements

Payment for office visits and x-rays are requested at the time of service. Responsibility for all bills remains with the patient. If you have a financial problem, please ask to speak with the insurance administrator.

Massage Cancelations

A missed appointment that is not canceled with a 24-hour notice, will result in a charge for service.

Insurance and Medicare

Our office will bill your insurance company for all services. Our insurance administrator will confirm your insurance benefits with your insurance carrier/payer. If we are unable to confirm benefits, you will be asked to pay for services until we can confirm.

If you have MEDICARE, we will send charges to MEDICARE for you. WE DO NOT ACCEPT MEDICARE ASSIGNMENT. If you have supplementary insurance, we will be happy to file a claim for you (we need a copy of the MEDICARE Explanation of Benefits in order to do so.)

Credit Policy

Health insurance is designed to help you meet the cost of medical care. However, the responsibility for payment is yours. Your insurance contract defines the extent to which the company will reimburse you. There is no contract between the insurance payer and your doctor. It is your obligation to notify our insurance administrator of any insurance changes.

Collection Fee

You should be aware that your insurance carrier may not pay these medical charges in full. You will have to pay any charges not paid by your insurer within 90 days of our first statement and all our expenses which we may incur in connection with efforts to collect the charges. In the event we must enforce our rights under this Agreement after your failure to pay all charges due within 90 days of our first statement, you must pay all charges to include collection agency fees, which are typically 33% to 50% of the unpaid balance, reporters fees, for depositors and at trial expenses we incur enforcing our rights under this Agreement. Also, in the event that you have not paid all charges due within 90 days of our first statement, a finance charge will begin to accrue at the rate of nine percent (9%) per annum. I also agree to release all necessary information in order for the collection agency to reach me. This authorization will remain in effect until revoked by me in writing.

Please indicate below that you understand it is your responsibility to pay your account. If your insurance does not pay, you are responsible for the amount due.
